

Las Vegas Weddings by Renae Judkins

Couples getting married at a destination location often want a wedding invitation to match. Couples getting married in Las Vegas are no different. However, vendors for Las Vegas themed invitations are scarce despite Las Vegas being the wedding capital of the world.

Google reports that the search terms like "Las Vegas Wedding Invitations" and "Las Vegas Wedding Announcements" receives over 2,000 clicks a month. Vendors are still scarce despite this. Wholesale invitation companies have included a couple of Las Vegas themed wedding invitations in their collections, but the Las Vegas wedding invitation choices available are slim compared to the other destination themed invitations online. Beach invitations are one example of a destination themed wedding invitation with a lot of options and invitations. Wedding invitation wholesalers often have an entire collection devoted to the beach. A tropical themed invitation is also easy to find among the destination wedding invitations.

Many brides report searching over three months for their perfect Las Vegas wedding invitation, and many of those brides are forced to give up and go to their local retailer for a common invitation with no theme. Unfortunately, Las Vegas wedding invitation vendors do exist, but many couples getting married in Las Vegas don't know where to find them. These Las Vegas wedding invitation vendors haven't been around for very long. In fact, most of the Las Vegas wedding invitation companies have been around for less than a year. This is why they are so hard to find.

Oftentimes, Google uses time as a trustworthy aspect. A site that has been number one for the search term "Las Vegas wedding invitations" for ten years, isn't going to be replaced by a new Las Vegas wedding invitation vendor within a few months. Thus, the search engine optimization and search engine marketing continue for these Las Vegas wedding invitation companies.

Currently on the top of the search engines like Google, Yahoo and MSN, the top listings for searches like "Las Vegas wedding invitations" and "Las Vegas wedding announcements" go to directory listings for actual brick and mortar shops located in Las Vegas, but have nothing to do with and do not sell Las Vegas themed wedding invitations like many of the couples getting married in Las Vegas are looking for.

Even so, couples getting married in Las Vegas who are looking for Las Vegas themed wedding invitations should not lose hope. Las Vegas wedding invitation Web sites are still chugging along to get number one for the several search terms on the major search engines. They plan on achieving their goal within the next 12 months.
